DMH HUB Assessments and Treatment Linkages

Individuals Assessed By DMH
4th Quarter FY 15-16 & 1st Quarter FY 16-17

- Effective 7/1/2016, a successful linkage is defined as 3+ contacts.
- Data on successful linkage (Jul.- Sept.) is limited due to data entry lag.

Coordination of Services

AB109 Co-Occurring Residential Treatment

The Co-Occurring Integration Network (**COIN**) residential beds program is a collaborative effort involving multiple agencies: Department of Public Health – Substance Abuse Prevention and Control (DPH-SAPC), DMH, the Court, Probation, Public Defender, and the Antelope Valley Rehabilitation Center (AVRC).

COIN provides integrated residential treatment services for supervised persons who have:

- Co-occurring chronic substance use disorder(s),
- A severe and persistent mental illness,
- A high risk for relapse.

20 of AB-109 COIN residential beds were filled (full capacity)

Provision of Substance Use Disorder (SUD) Treatment / Services

SUD Assessment/Treatment Services (April - September 30, 2016)

CASC Assessment Activities

Treatment Linkages

Successful Treatment Linkages: 47.9% that had a Positive assessment were admitted to SUD treatment programs and received one or more treatment services

Provision of Substance Use Disorder (SUD) Treatment / Services

Substance Use Disorder Treatment Outcomes (N=472)
Apr. – Sep. 2016

47.6% reduction in primary drug use, **39.3%** reduction in homelessness, and **46.9%** reduction in health problems from admission to discharge.

Coordination of Health Services

Care Coordination

Department of Health Services (DHS) registered nurse and clinical social worker provide consultation and care coordination for medical concerns.

In the first quarter of FY 2016-2017:

423
Pre-release
packets reviewed

225
CDCR medical
record uploads
reviewed

91
Supervised persons
received care management
services

Medically Fragile Residential Placements

- Leverages DHS Flexible Housing Subsidy Pool
- FY 2016-2017 1st Quarter Placements:
 - 3 Board and Care
 - 3 Recuperative Care
 - 1 Group/transitional home

Employment Services

- Employment case management
- Job Developers
- Job retention services
- Incentives to improve the effectiveness of the employment program
- Requirement for workshop pre and post test

April 2016 – September 2016

54%

Eligible supervised persons enrolled in job readiness completed and received a certificate.

38%

Eligible supervised persons that enrolled in readiness obtained employment.

Housing Services

April 2016 – September 2016

- Enhanced temporary housing to homeless supervised persons.
- Increased maximum time limits for housing services to one year.
- Addition of Skilled Nursing and Board and Care housing.

Implementation of Cognitive Based Intervention (CBI)

Elicit behavior change

- Supervised person must understand the personal and environmental factors underlying the offending behavior.
- Be taught the skills to make positive changes in the future.
- Necessary for reduction in recidivism to be possible.

Probation aims to implement CBI services by June 2017.

AB 109 Custody- Related Matters

Jail Capacity, Population, Functional Beds, and Mental Health Beds

AB 109 Custody- Related Matters

- Average # of inmates receiving mental health treatment during this reporting period was 3,453.
- 14% of those were inmates sentenced under AB109.

Population Management Strategies

**AB-109 Sentenced
3,793**

- Earned EBI- Milestones
- CDCR Fire Camp
- Participated in EBI
- Not Participating
- Conservation

The chart represents the entire population receiving mental health treatment, not solely those sentenced under AB109.

Mental Health Inmates who Participated in EBI

Coordination of In-Custody/ Re-Entry Services

Integrated Jail Health Services

- Phase I of Correctional Health clinical integration completed September 1, 2016
 - Transfer of all LASD medical providers to DHS
 - Transfer of all DMH clinicians to DHS
 - Approximately 580 staff total
- Phase II planning underway for transfer of nursing, pharmacy, remaining clinical and clinical support staff
- Integrated care meetings/committees to address Quality Management, Clinical Case Reviews, Morbidity and Mortality, Emergency Response and Death Review

Inmate Medical Services at LAC+USC Medical Center (DHS)

- First quarter FY 2016-2017 services for AB109 sentenced inmates:
 - 314 specialty care visits and 109 Emergency Dept. visits
 - 40 inpatient admissions with average length of stay 3.45 days
- Enhancements to eConsult have resulted in more appropriate referrals for specialty services.

Jail Linkage Program

- In first quarter FY 2016-2017, received 158 AB109 referrals and provided assessments and mental health referrals to 101 AB109 sentenced inmates
